There is no doubt that the Hindustani girls' School in Jale Mohalla is being badly mismanaged The control has drifted into the hands of the Secy of the Committee, who has, to put it mildly, allowed the affairs of the school to get mixed up with his private affairs The institution is ill-housed, ill-equipped and altogether in a totally inefficient condition The I G of Edn is of

Respectfully sheweth -

That the humble petitioners while acknowledging the many previlages which they have been enjoying in the various branches of your Excellency's adminstration in general, and in the education department in particular, beg to approach with the long standing complaint, regarding an abuse of a grant, by the Manager of the Mohamedan Girls School, located in the Jali Mohalla Bangalore City

1 This institution was made a Grant-in-aid Hindi Girls School about thirty years ago, and placed under the management of Nazar Hussain Saheb, the benign -- Government having made a monthly grant of Rupees 30/- per mensum, along with the grant of a site for the construction of the school building and a shop near the market, for the upkeep of the school

2 The school is situted in a small house which -- could hardly accomodate 15 girls, and it is in a most insanitary condition The manager is quite indifferent in conducting the affairs of the school No classes are being regularly held except on occasions of annual inspections when special previous arrangements are being made to collect girls, and the sister of the manager is made to act for school mistress whenever necessary

3 The monthly grant of ₹ 30/- together with realizations from the rents of the site and the shop amount to about ₹ 55/-. But this amount is being deliberately used by the manager for the maintenance of his -- family, his grown up son Khutbuddin Sheriff entirely depending upon this income. This state of affairs has continued from years past and the undisputed and undisturbed possession of the authorities concerned are -- the main reasons for the abuse of public funds depriving the Mohamedan Community of the benifts of education

Manager and Education Dept etc

4 Some years back this fact was brought to the -- notice of the Inspector General of Education who finding that Nazar Hussain Saheb had really mismanaged the school and misappropriated its monthly income, treating the whole affair as a personal concern, reported the matter to the Government whereupon orders were issued to withhold the monthly grant.

5 But for reasons not known to the petitioners the Government again passed orders for the repayment of the grant. But it is very much to be regretted that matters have gone from bad to worse and no advantage is derived by the community for whose benifit the

the grant is sanctioned Further it is now said that the free grant of the shop building mentioned in para 1, given for the upkeep of the school is mortgaged for a sum of Rs 800/- and thus alienated to others

6 About twenty months back the Mohamedan residents of the Tharamandalpett of the Bangalore City petitioned to the Inspector General of Education regarding the mismanagement of this school and misappropriation of its funds and asked, for reasons stated therein, for the transfer of the school from Jali to Tharamandalpetta of the City and further prayed to place the institution under better management whereupon the Inspector General called for the opinion of the Central Mohamedan Association with a request to inform him whether it was willing to take over its management.

7 The Central Mohamedan Association in an extraordinary meeting of its Executive Committee discussed the question in all its bearings and sent its proceedings to the Deputy Inspector Of Schools for submission to the Inspector General A printed copy of the proceedings marked (A) is attached hereto. It will be seen from the proceedings that the school is mismanaged and its grant is misappropriated Amongst the members present in the meeting, the relatives of -- Nazar Hussain Saheb, the manager, such as Khazi Saheb of Bangalore &c, acknowledged openly that the school was really mismanaged and suggested for an immediate removeal of the manager(vide para 9 of the proceedings attached) The Association accepted to take -- over the management of the school and nominated one of its members viz. Syed Abdul Rahman Saheb pensioned -- Commandant of the Mysore Infantry to be its manager under the constitution of the Association (which is a registered body)

8 Although twenty months have elapsed yet nothing has been done in the matter to check the waste of -- public money It now transpires that Nazar Hussain Saheb and his son together with Khader Mohideen Meccai (munshi Central College) has managed to prevail upon the Executive staff of the Educational Department to withhold the submission of the said proceedings to the Inspector General Even a petition to the Inspector General submitted on the 15th September 1903 has not elicited a reply A printed copy of this petition -- marked (B) is also appended hereto

9 Having thus become helpless the humble petitioers are now obliged to approach your Excellency with the following prayer

(1) That in the light of the above facts and -- those recorded in the proceedings of the Association and the petitions on the subject, the present manager who is now said to be in a dangerous state of health, may be removed and the management of the institution may be entrusted to the Central Mohamedan Association of Mysore, Bangalore City

(2) That the mortgage of the shop building and other alinations made unauthorizedly by the manager and his son Khudbuddin Sheriff may be declared nulland void

(3) That the school may be ordered to be shifted to Tharamandalpetta for reasons noted in paras 4 to 8 of the enclosed proceedings, as the inhabitants of the Jali mohalla where the school is now located have no objection to this

(4) That pending enquiry and decision on the several allegations made above the payment of the monthly grant be held in abeyance, thus preventing the waste of public money

For which act of kindness and justice to the Community at large the petitioners who claim to be the loyal Muslim subjects of H H Maharaja residing in Bangalore City will feel highly grateful

Any correspondence on the subject may be kindly addressed to Patel Abdus Salam, merchant Doddapetta, Bangalore City

Resolution No 7

Read - Docket No 700/103 dated 30th September 1907 from the Deputy Inspector of Hindustani Schools Bangalore inquiring whether the Central Mohomedan Association was willing to take over the management of the aided Hindustani Girl School, Jali Mohalla, Bangalore City by transferring it to Tharamandlepett as requested by the Muslim residents of the locality

1 In introducing the subject the Secretary invited the attention of the members to clause of Para of the rules of the Association which enjoins that the Association shall undertake the supervision & managements of the Muslim Girls' Schools with a view to advance female education He pointed out the desirability of transferring the School in question to Tharamandelpett, which is far from any of the Girls' Schools in the City He further stated that on account of the present declining condition of the Girls' School for want of efficient & energetic management it was necessary that the Association should be prepared to accept its control & exert -- towards its improvements He also read letters from Mr Syed Abdul Rahman Saib, Retired Commandent of the Mysore Infentry & Abdul Salam Sahib ~~Wilai~~, the former accepting to be the Manager & the latter to be the Secretary for the management of the School

2 Mr Syed Abdul Khadur Saib while supporting the views advanced by the Secretary impressed upon the audience that his long personal experence shewed that on account of the irregularities of the present --- Manager that the School unlike other Institutions of its kind was ever found in a bad condition & that it was the foremost duty of the Association to improve the Institution by accepting its management

3 Mr Mohomed Hayath Saib in aiding the proposal recomended that Mr Syed Abdul Rahman Saib might safely be appointed its manager on account of the respectability of birth and the high position he holds in the Community

4 Mr Abdul Rahman Saib B A , while argueing towards the advancement of female education supported the views held by the other members regarding the necessity of the transfer of the school and the -- advisability of taking over its management by the Anjuman

5 Messrs Gulam Khadaralli Khan Saib, Syed Peer Saib & MohomedUsman Saib of the Jali Mohalla pointed out that the Jali Mohalla and Nalbund Pett found one compact Mohalla and since adequate arrangement was made in the Government Hindustani Girl School sutuated in the centre of the Mohalla for the suitable -- education of the Girls there was no necessity to have an aided school at a distance of withim two furlongs from it

6 Messrs Mehartoor Gulam Rasool Saib & Patel Abdul Salam Saib residents of Kummarpett agreeing with the

above stated that the Mohomedans of their Mohalla suffered considerably on the transfer of the Govern-

Government Hindustani School from Tharamandelpett which is adjacent to their Mohalla as grown up girls could not cross the active and commercial Avenue -- Road to reach the Govt Girls' School in Nalabunda Petta

7 Mr Abdul Baseth Shriff Saib Veternary Inspector while pointing out in a lengthy speech the necessity of a Girls School in the Tharamandel pett protested against the transfer of the aided school in question on the ground that the same could not be done as it was one of the conditions imposed by the Municipality to locate the school on the site granted by it, the Educational Deptt having no authority to take up the question of the transfer of the school & its management

3 Mr Abdul Khadur Saib & others pointed out that the objection raised by the above member was quite unreasonable & inconsistant as the present Manager not having held the school in the building on the premises alluded to, was holding it in a rented & most insanitary house which could hardly accomodate about fifteen girls, the site being utilized to -- serve the purpose of a market for the sale of fuel coming from Mufusil Stations In the course of -- argument they further alluded to the close relationship maternal uncle which the present Manager held with the above member The Association is fully confident that the Educational Department takes steps to improve the condition of the school the Municipal authorities will cooperate with it

9 Head Khazi of the Bangalore City, Mr Abdul Razack Shariff Saib & Mr Abdul Salam Meccai who are also similarly related to the present Manager convinced that in the interest of female education it was necessary that the proposal of the transfer of the school with its management be carried out

10 On full discussion of the question the following resolution was passed with the approval of all the members except Mr Abdul Basith Shariff, their signatures having been obtained in the Proceedings Register

"Resolved that the Central Mohomedan Association favours the transfer of the "Grant-in-aid Girls School at Jali Mohalla in Bangalore City to Tharamandalpett

and that it gladly undertakes to take over its management by appointing Mr Syed Abdul Rahman Saib, retired commandant of the Mysore Infantry to be its Manager and Mr Abdul Salam Saib Meccai to be the Secretary subject to the constitution of the Anjuman "

(B) Dated 15th Sept 1908

H J Bhabha Esq ,

Inspector General of Education

in Mysore

The humble petition of the residents of the Tharamandlepett Bangalore City

Respectfully sheweth,

The petitioners beg to state that -

1 They have not been favoured up to date with any reply to their petition praying for the transfer of the Grant-in-aid Girls School from the Jalli Mohalla to Tharamandlepett although 12 months have already elapsed since they sent the petition

2 Some days after sending the petition the Central Mohommedan Association of Mysore Bangalore City --- called for an extraordinary meeting of its members in of the Executive Committee probably in obedience to your orders to consider & report about the condition of the above said Girls' School the Manager of which is Nazur Hussein Saib, when some of us also took part in the proceedings Several respectable -- members of the Association who had personal knowledge of the school emphatically stated that the Government Grant was being utilized for purposes other than -- authorized. Even the nearest relatives of Nazur -- Hussain Saib i e the Khazi Saib of the Bangalore City and Abdul Sallam Saib Meccai acknowledged the fact in the open meeting and suggested as a remedy-for for the immediate transfer of the school and for the change in the Managership, the latter even agreeing to become the Hon Secretary of the Institution It was then unanimously resolved to bring these facts to the notice of the authorities concerned & to -- suggest to place the school under the management of the Association

3 Now we learn that the Inspectors of the Educational Department having become victims to the tactics and flattery of Nazar Hussain Saib & his son and Khader Mohayuddin Meccai of the Central College have purposely omitted to submit to you the valuable proceedings of the Association which was sent to them in due course and have submitted such reports which tend to shake the confidence the public have reposed (reposed) in your adminstration It is to be very much regretted that the above said officers instead of protecting the interest of the community in seeing to the proper utility of the grant should have made up their mind to help Nazar Hussain Saib who has been regularly thieving the Government by utilizing the Grant Money for his private purpose It is said that the Inspectors inspected the school by appointment when Nazar Hussain Saib & his relatives had made special arrangements to secure girls from outside and the whole thing was got up for the occasion

4 It is not known why the Officers should have omitted to send the Proceedings of the Anjuman to your good self particularly when the opinion of the Association was asked for by you & cancelled the facts This proceedure is open to question and as such in our humble opinion their reports cannot be

said to be fair & impartial in the absence of any proof to the contrary the facts recorded in the Proceedings of the Association cannot be said to have been shaken & they must therefore be taken into consideration

5 We therefore pray that your Greatness will be pleased to send for the entire records and the proceedings of the Anjuman and in the light of the facts narrated therein decide the question and thus save the Community from the loss it has been so helplessly sustaining and give us relief

We beg to remain,

Your most humble & loyal Subjects

From

J Weir, Esq., M A,
~~H J BHABHA Esq M A~~,

Inspector General of Education in Mysore

To

C S Balasundaram Iyer, Esq., B A,

Offg Secretary to the Government of H H the Maharaja of Mysore, General and Revenue Departments

SIR,

With reference to the petition of certain Mahomedan gentlemen complaining against the Mahomedan Girls' School, Mali Mohalla, Bangalore City, forwarded with your memo No 2918/Ed 190-09 dated 23rd September 1909, I have the honour to inform you that I interviewed a deputation of the complainants in the presence of representatives of the School Committee, and beg to submit the following report -

1 The school is held in an insanitary building which is quite unfit for its present purpose, a temporary building has recently been put up in the yard of the school and this is likewise unfit for the purposes of a school There are two school mistresses in charge of the school whose main qualification appears to be that they are nieces of the Secretary of the Committee and who are quite unfit for their posts The attendance is small, and although the girls who attend are all young, the Mahomedan Inspector is not permitted to enter the premises without giving notice of his visit, which is not a satisfactory arrangement Lastly the school is situated within a very short distance of the Government Hindustani Girls School, so that it is not really required in its present position

G P B—1,500—8.6.09

Taking all these circumstances into consideration I recommend that the grant of Rs 30 per month should be discontinued

2 The question then arises whether the present committee can be trusted to carry on another school more efficiently in another locality

The Committee as revised was appointed by Government Order in 1895 and consisted of the following members -

Mr Mahomed Ali Sahib, K B President

" Khaji Nazar Hussain Sheriff Sahib (Secretary)

" Ali Baki Khan Sahib Mehkri

" Munshi Shaik Ahmed Sahib

" Khazi Ahmadulla Sheriff Sahib

" Khadar Moladin Sahib Meccai

" The Deputy Inspector of Schools (Ex-officio)

The President died about 1901 and no successor was appointed, and for a period of about seven years no meetings of Committee were held. In the meantime two member of the Committee had died- Messrs Ali Nafe Khan about 1901 and Munshi Sheik Ahmed about 1906 In 1908 the Committee appointed a new President- Mr Syed Abdulla Sahib Suttari, Guardian of the Hig Priest Mr B Venkatarat Iyengar who had formerly been ex-officio member as Deputy Inspector continued to be a member of the revised board, and as the Secfetary Khazi Nazar Hussain Sheriff was growing old, his work was transferred to his son Mr Khutbuddin Sheriff Since the new President was elected, meetings were held (1) on 2nd February 1908 when the president was absent (2) on 16th May 1909 when Mr Venkatapathi Iyengar was absent, and a new member Mr Abdul Wahab was present (3) on 14th December 1909 when Mr Abdul Wahab was absent and another new member Mr Hakim Abdul Sattar was present

The Committee appear to have left the management of affairs almost entirely in the hands of the Secretary and taken no steps to satisfy themselves that the income of the trust was being expended on the school The result is that there is some confusion between the property of the trust and the private property of the Secretary and his family

(a) Part of the school compound is used as a landy stand,

where a small fee is charged for each cart using the stand. The Committee (or the Secretary on behalf of the Committee) have leased out the privilege of collecting the fees for thirty rupees per annum. The acting Secretary says that this income has been spent on the maintenance of the school building. At the same time he claims to have spent Rs 264 on the school from his own pocket which he asked the committee to refund, but this was refused on the ground that the committee thought that as the family of the Secretary had the credit of opening and efficiently conducting the Madarasa from the beginning, they thought that the Secretary had but maintained the tradition of his family. There is nothing to show whether the amount claimed does, or does not, include the amount received from time to time from the lease of the bandy stand.

(b) In 1907 a shop site was given to the Secretary by Government on certain conditions for the support of the school. On this site a shop was built at a cost of Rs 367. The Committee say that this sum was advanced by the Secretary from funds in his possession which he held in trust for his grandsons who are minors. According to the conditions of the grant, the building ought to have been completed before the end of January 1908, but the Secretary does not account for any rent before the end of 1909. The Committee say that there is an understanding that from January 1st, 1910 the builder of the house should draw the rent and pay Rs 5 per month to the school, pocketing the difference until such time as the Committee are able to raise sufficient money to discharge the debt and take over the building. The man who pockets the difference is the Secretary as Trustee for his grand children, and it is proposed that out of the income of Rs 5 three rupees shall be spent in increasing the pay of the two incompetent mistresses, the nieces of the Secretary.

Under the circumstances I recommend that the present committee be no longer allowed to manage the school.

3. It was originally proposed that the management should be handed over to the Central Mohamedan Association, and this

this association has intimated its willingness to accept the trust But it turns out that this is a rival society to the Chief Central Mahomedan Association which at present has its representatives on the management of the school, and holds its meetings in the Upper Storey of the shop building referred to in the previous paragraph To hand the management over to the rival Society would have the appearance of favouring one faction at the expense of the other, and I do not recommend that this proposal should be approved

4 Under Section 54 (p) of the Mysore Municipal Regulation (1906) it is enacted that it is the duty of the Municipal Council to make reasonable provision for establishing and maintaining Primary Schools It would be very much better to start a Municipal School in Tharamandalpet and hand the management over to the schools committee appointed by the City Municipal Council Presumably under this section of the municipal regulation the funds for the upkeep of the school would be found by the Municipal Council

5 If these recommendations are approved the question of the ownership of the school site, and also of the shop site and shop buildings school buildings will have to be settled The question may be referred to the President of the Municipal Commission for report with reference to the documents connected with the case, and the present actual value of the properties The facts are briefly as follows -

(1) The school site was given by the Municipality in 1888 to the Secretary of the school, subject to the conditions that the site should not be utilised for any other purpose than that for which it was granted and that the grant would be liable to be resumed should there be a breach of any of the conditions It is a question now far the use of the school yard as a hand, stand is a breach of the conditions of the grant. Also a building was put up by the Committee in 1905, the cost of which was estimated at Rs 300 by the Committee, and Rs 100 by their opponents If the monthly grant is withdrawn, the school must be closed, presumably the site will revert to the Municipality the question of the ownership of the building will have to be settled

2 As regard t e s ol site, it is stated t at a site was giver i Avenue Road in 1875 to build a slop for t e maintenance of the sc ool, but the document referring to tle grait is not available in this office It is stated tlat a slop was built in 1878 and v en plague broke out in 1898 it was pulled down and the site restured The Committee state that they were a arded compensation to t e extert of Ps 1400, but here again tle document is not forthcoming and it i impossible to say whether the co pensation was for tle site or t e house or hotl Subsequently in September 1907 the Secretary received, in lieu of money, compensation in tle s ape of tle srop site in front of t e bai boo bazaar Tle documents in connection with this grant, copies of whic are forwarded herewit , are conflicting and leave tle question unsettled whether t e compensation was for tle shop building or t e s op site If t e sc ool is closed the question of the owners ip of the site and the building will have to be settled This will partly depend on t e interpretation to be placed on t e conditions attac ed to tle grant T e Committee say t at having put up a building at their own expense on t e original site, they were only bound to put up a building on borrowed role or the ne site, and that "the whole of tle realizations from rent from tle said building to be used for t e benefit of t e Girls School" means tle balance after deducting interest on tle loan by means of which t e building was erected It is di ficult to believe this, but a reference must be made to t e conditions of t e original grant before a final opinion can be formed It is further stated t at the building was not finished till the end of 1909 whic if true is a breac of tle first condition of tle grant and it is also admitted by tle Committee tla t e upper storey of tle s op building has been leased out to t e Chief Central Zamindari Association and "no rent as yet been received" At first sight t is looks as if t e building were being used for ot er purposes t an tlat for which t e grant was made, and yet, in one sense, it is not a breac of t e condition o t e grant, the w ole of t e realizations fro t e rent bein paid over to t e Secretary for

for the benefit of the school

Under the circumstances I recommend that the President of the Municipal Council should be requested to call upon the Secretary of the School Committee to show cause why the site should not be resumed and the building forfeited Possibly in the course of this inquiry some compromise may be suggested

The enclosures are returned herewith

I have the honour to be,

Sir,

Your most obedient servant,

Inspector General

Second Councillor, Government of Mysore,

B A N G A L O R E

Honoured Sir,

On behalf of the Managing Committee of the Madarassai Mofiduin Niswar of Jali Mohalla, Bangalore City, I the undersigned beg to approach you with this appeal in full confidence of finding justice at your hands

In his General No 302/317 dated the 1st instant the Deputy Inspector of Hindustani --- Schools has communicated to me that Government in their order No 8220-2, Edn 90-09-4 dated the 19th March 1910, are pleased to suspend with effect from 1st April 1910, the grant of Rs 30/- per month which is being paid in aid of the Hindustani Girls's school, Jali Mohalla, Bangalore City, on account of the unsatisfactory and inefficient state of the school The order of the Government must have been passed on the report made by the Deputy Inspector of Hindustani schools

I beg leave to inform your honour that in a petition dated the 27th of February 1910, I have explained to the Inspector General of Education, the cause of the personal enemity of Mahomed Baig Saib with myself and my School The Head-Mistress of the School is very skilled in lace-work and exhibits sent

from

school After last inspection of Mr Mohamed Baig, neither wrote his remarks in the visitor's book as usual nor sent a copy of this report to the school I am sorry to state that the present charge that the mistress have suddenly become unqualified for their work and the school is mismanaged is not based on facts

In this connection I beg to quote docket No 325 dated 1st April 1904 of the Deputy Inspector of Hindustani School who under directions from the Inspector General of Education desired the School Committee to place at the disposal of Government the services of one of our Mistresses for employment in a Government Girls' School The offer though tempting was however declined Your honour can clearly see how with such a hard working and able staff can the state of the school suddenly become inefficient or unsatisfactory The School Committee did never receive a previous warning of the -- school being in a mismanaged and inefficient state Mohamed Baig Saib has not given me an opportunity to know in what respects the school has failed so that the Committee may take steps to rectify the alleged defect

In proof of its efficient state, I beg to refer to a report made to the Municipality by the - Lady Superintendent of Girls' School who at the instance of the Bangalore City Municipality made a surprise inspection of the school on the 23rd March 07 She was so pleased with the state of the school as to recommend to the Municipality an increase of the grant

grant-in-aid by Rs 10/- per month She knew Hindustani well, and was ~~the~~ inspecting the Church of England G--- Zanana Schools also She could certainly judge the efficiency of the work very ell

On the 3rd and 7th of December 1907 Mr C Krishna Rao, B A , the then Circle Inspector of School: paid the school two surprise visits under orders of the Inspector General of Education He has also reported very favourably This report also may be called for by your honour from the office of the Inspector General of Education for reference

In addition to the above I pray your honor to pay a surprise visit to the school yourself at any time between 11 A M , to 4 P M ,(Thursdays and Fridays excepted) or to send any ~~other~~ officer other than Mr. Mohamed Baig or his friends or subordinates to report

It may not be out of place here to say that this School has been regularly conducted since its foundation by my ancestors the Khazis of Bangalore under the orders of Tippu Sultan in his Sannad dated the 7th of the month of Hushami in the year 1199 A H These orders have been recognised by the Chief Commissioners of Mysore and the School was the first to get the grant-in-aid from the Government of His Highness the Maharaja

For the past 2 years the Mahomadens of Bangalore are divided into two factions, and because the Khazi has not joined the Central Mohammaden Association whose aims and objects are political, Attempts are made to get him and his family disregarded by the

people

people and punished by the Government in all possible ways Several instances have come recently before Government and I am thankful to say that the Benigr Government has done justice in the matter

Under these circumstances I pray your honor to thoroughly investigate the matter, and to kirdly sanction the grant-in-aid now suspended

For which act of kindness I shall ever pray

Dated 15th May 1910

To

The Secretary to the Government of Mysore
General & Revenue Departments
Bangalore

Sir

I have the honour to state that I learn with great concern that the Government Grant of Rs 30 per mensem sanctioned for the Mahomedan Girls' School of the Jali Mohalla is ordered to be suspended evidently on a misrepresentation made by the members of the Central Mohamadan Association

It need scarcely be said here that the school enjoyed the grant so graciously granted by His Highness' Government for the last 40 years & it has been suspended now for no real fault of the school It has been making good progress as usual and is receiving the patronage from many respectable families of the City The school has been in existence for the last onecentury & was started at a time when female education was most hated by the mahomedans The very fact that the grant was raised from ₹-20 to ₹s30 shows the good work turned out by the school To this day it is enjoying the confidence of many respectable families, the average attendance of girls being 30 a day

As far as ~~official~~ official papers are concerned, there is nothing against the school, yet the Order suspending the grant has come on us like a thunderbolt and has affected a most useful institution

I herein enclose a resolution passed by the members of the Chief Central Muslim Association for your kind perusal, promising a loan of ₹s10 per mensem from the Association, as otherwise the maintenance of the school would have become a burden on the staff that has kept it going all these years

I therefore pray thatafter instituting necessary inquiry, the grant may be restored, earning thereby the everlasting

gratitude

Inspector General of Education in Mysore

To,

Offg Secretary to the Government of H H the Maharaja of Mysore, General and Revenue Departments

SIR,

With reference to your No 9893/Edn90-09-6 dated 2nd May and No 10840 / Ed 90-09-8 dated 7th June 1910, 1910, I have the honour to inform you that I paid a surprise visit to the Hindustani Aided Girls' School, Jali Mohalla along with the Deputy Inspector of Hindustani Schools on Wednesday June 8th

School Building -- The school building contains two class rooms which are badly lighted and insufficiently ventilated The area of the building is just sufficient for the number on the roll On the opposite side of the courtyard is a building recently constructed for a tiffin room In this there is a somewhat primitive arrangement for ventilation, and the building is bound to leak in rainy weather These two buildings are connected by mud walls so as to form a courtyard which is untidy, and the mud walls are so low that any person who chooses can see into the courtyard, so that strict purdah is impossible Outside the courtyard between the school enclosure and an old Mahomedan burial ground is an open space which belongs to the Trust, and is used as a cart-stand from which the Secretary is alleged to make a considerable income The latter charge may

GPB—1500—9 6 09

may possibly be exaggerated by the members of the rival association but the building and its surroundings are not suitable for school premises

Register -- The daily attendance register has been kept for several years In January 1908 there were 26 on the roll with an average daily attendance of 19 Since that date the largest number on the roll in any month was 37 in May 1910 with an average attendance of 29 5 In January 1908 there was a third class with 3 on the roll, but the children left soon afterwards and since that time the highest class has been the second class

The admission register is reported to have been destroyed some time ago when plague was prevalent, and a new one has been begun this year It is not kept in the usual way and the attention of the Secretary who put in an appearance during my visit, was drawn to this defect

Examination -- The number on the roll is 36, and the number present at the time of the examination was 24 as follows -

	No on the roll	No present
Second class-----	5	4
First class----	7	5
Infant B----------	5	3
Infant A----------	19	12
	36	24

The children in the second class were said to be gosha, but the others appeared and did some reading and spelling They read intelligently, and several of them made fair attempts at reading unseen passages Then one of the girls in the second class, who had hitherto been gosha, came out of her own accord to be examined She read quite well, but broke down hopelessly in Arithmetic She did not understand numeration, and made mistakes in subtraction and multiplication and compound addition The register showed that she joined the school in February 1905, and in a good school she ought to have been in the second class in 1907 Meanwhile the Secretary of the Trust had put in an appearance and another girl

girl came out to be examined The register showed that she joined the school in December 1906 and therefore she ought to have been in the second class in 1909, She worked a question in compound addition (Indian money) correctly Then both girls were asked to work a simple question in compound subtraction, but said they did not know how to do it In Geography both girls showed that they knew little about it and had very inaccurate ideas ofthe most elementary terms The Secretary then asked that they might be asked some questions in History which however is not one of the subjects prescribed for this class in Hindustani Schools for girls, but in this subject also both girls failed completely

The Secretary informed me that Arithmetic is the weak point of the school but assured me that if I inspected any Government Hindustani School for girls I should find exactly the same state of affairs To test this statement I went straight to the Government Hindustani School for girls and examined a few girls in the first and second class and found that they were far better, especially in Arithmetic, although they had not been nearly so long at school

On the whole the school is in a most unsatisfactory condition and beyond the fact that the girls attending it learn a little reading and needlework I think that they are wasting their time
The enclosures received with Secretary's Nos referred to above are herewith returned

approved place that the Government Grant could be renewed for the benefit of the school

3 The result of enquiry as regards the present state of the school further reveals that it is grossly abused, that correct accounts of receipts and expenditure thereof are not maintained and that it is devoid of proper supervision as the acting Secretary is quite indifferent and not capable of looking after the interests of the school, while the Committee appointed for its management exists but in name, it not caring to meet even once a year regularly to scrutinize the affairs of the school

4 The original conditions of the grant of sites Viz , that the site (for the school) should not be utilized for any other purpose and that the rent of the shop should be appropriated for the benefit of the school and that the sites would be liable to be resumed on breach of the above conditions, have not been scrupulously carried out by the Managers of the school, and the sites are accordingly subject to resumption

5 In conclusion, I beg to add that, in the interests of the school, it seems but imperative that, besides shifting it from its present position, the Committee should be thoroughly over-hauled and revised, and a more energetic Secretary appointed to look after the affairs of the school

Opinion of the City Municipal Schools' Committee,

Bangalore

We are of opinion that the shop and the Chattram site may be resumed by the Municipality The school itself may be located in a more healthy and convenient part of the City as may be recommended by the Schools' Committee Then the Government may be requested to pay the monthly grant that was being paid for the running of the school This, together with the profits from the site and shop, will be used by the Schools' Committee of the Municipality for maintaining the school to be opened, at such convenient part of the City as proposed above, without prejudice to the interest of the community for whose benefit the school was started

General & Revenue Secretary,

Respected Sir,

On April 28th 1910, a deputation of the members of the Committee of the Madrasa-e- ufidun-Niswan, Jali Mohalla, and some respectable citizens of Bangalore City waited on you and presented a memorial to renew the grant of the Madrasa Having presented the memorial you were pleased to move Mr Weir the Inspector-General of Education in Mysore, to visit the Madrasa and furnish a report for the orders of Government Consequently I presented a petition to Mr Weir requesting him to pay a surprise visit to the Madrasa with any one but Mr Mohammed Baig Deputy Inspector of Hindustani Schools on whose bad report of the Madrasa the grant was suspended

Mr Weir visited the Madrasa on the 8th June 1910 accompanied by Mr Mahommed Baig I was not present at the time of their arrival but went to the Madrasa an hour later When I went there, the examination was going on Of 34 on the role 27 girls were present Mr Weir asked the Secretary what subscription is collected I, in reply, said that the average income from subscriptions is Rs 10/- but the teachers of this school were working as Mahomedan Missioneries on a much less pay than what is offered to them by the Government out of love to the Institution and in

consider tion

consideration of the fact that their ancestors had long served this Madrasa

Mr Mahommed Baig then questioned me what relations the teachers bear to me I told him they were nearly related to him and I feel sure it is no disqualification that the staff of a school should be so manned I was asked many such irrelevant questions and I answered all of them with due submission Mr Mahommed Baig was acting as Interpreter as Mr Weir did not know Hindustani and I English

I am constrained to say without impunity that the Deputy Inspector was misrepresenting matters lest an officer of that conscience and principle as Mr Weir would not have countenanced the fine now imposed on an Educational Institution of so useful in nature and conducive to educate no less a backward of Mohamadan girls

Mr Mahomed Baig is a zealous member of the Central Mahommedan Association, an antogonist party to the Khazi family to which I have the honour to belong, the members of that Association seem to act with malice, and as they were not able to revenge the Khazi family They have done harm to the Madrasa merely hampering the conduct of a little useful work that lay in my humble power That this private party feelings should have prevailed upon Government to bring about the ordersuspending this grant of this only useful institution in this part of the city is very mortifying

Some fifteen years ago also, some ill-disposed person had put the Institution with a similar trouble for nearly 2 or 3 years by reporting to the Government against the Madrasa, and had tried to ameliorate for ever the memory of more than hundred years The Madrasa managed by the

Khazi

Khazi family But the late Sir V Sheshadri Iyer I C S I knowing the mischief of the e people, saved this old Institution by issuing a final order to renew a special gr nt to the Madrasa

From that time these people were seeking for an opportunity to wreak vengiance the found it in the retirement of Mr H J Bhabha

Two years back the Lady Superintendent was sent to the Madrasa without any previous notice It is learnt that she reported well

Now it is strange that within year, Madrasa should have become so bad to lose its grant

Every year one or two Government officers not to speak of the annual inspection held by Mr Mahommed Baig Deputy Inspector of Schools of them has written anything against it as will be seen from the visitor's book

The institution is met with great difficulty maintained by the Public help This violation of justice is worrying much the minds of those who worked so hard in the Madrasa for the past 16 years

It is still more painful to learn that the School Committee have reported that the land on which the school building is now standing is to be resumed to the Municipality The Members of that Committee have made that report even without visiting the school I leave it to you to judge whether such an indifferent procedure can be countenanced by the Government That the did not visit the school can be proved to the satisfaction of the Government

I therefore pray that you will be pleased to take the above facts into your kind consideration and order the re-

reval

newal of the grant and save the Madrasa which is in existence for the last one century from sinking into oblivion during your regime and thereby earn the ever lasting gratitude of the community I would most willingly carry out any reasonable improvement to be effected to the school from Public Health point of view

SIR

With reference to our letter No 4358/Edn 90-09 dated 24th November 1910 forwarding a letter in original from the President of the Bangalore City Municipal Council and requesting me to submit definite proposals regarding the aided Hindustani School, Jali Mohalla, Bangalore, I have the honour to inform you that I quite agree with the Municipal Council regarding the transfer of the school from its present locality and its location in Taramandalpet which along with Kumarpet Gunnet adjoining it forms the chief Mahomedan centre in the City, where there is not a single school to which Mahomedan girls may go for instruction and the management of the school may be handed over to the Municipal schools Committee In this connection I beg to invite the attention of Government to para 4 of my letter No 8329/597 of 21st February 1910

2 As the shop and the Chattram site will be resumed by the Municipality, the profits accruing from them together with the Government grant of Rs 30/- a month must be used by the Municipal schools Committee for maintaining the school at Taramandalpet here a suitable building in the compound of the Mosque of that Mohalla for locating the Hindustani girls' school has been selected by the Deputy Inspector of Hindustani schools who recommends that the following scale of establishment may be sanctioned for opening the

Sir,

With reference to your letter No 8190/Fd 90-09-14 dated the 1st April last, calling for opinion in the matter of removing the Hindustani Girls' School in Jali Mohalla to Tharamandalpet and requiring whether the Municipality can maintain the Girls' School at Tharamandalpet on the scale of establishment proposed by the Inspector-General of Education with the Government grant of Rs 30 per mensem, I have the honour to forward herewith, for favour of information and orders, copies of decret dated the 29th Ultimo from the President of the City Municipal Schools' Committee and of the D O letter dated the 16th Idem from the Deputy Inspector of Hindustani Schools, recommending the location of the said school in Tharamandalpet The latter Officer has proposed a scale of establishment for the present within the Government grant of Rs 30/- which may be kindly ordered to be renewed

I am also of opinion that the transfer of the school from its present environments would likely to improve it and render it more useful to the public

Sir,

I beg to invite your kind attention to my petition dated 28-4-1910 regarding the suspension of the grant of the Madarasa in Yali, Bangalore City enjoyed for the last 45 years (Vide G O No 8220-2 Edn 90-09-4 dated 19/3/10)

The Inspector General of Education visited the School personally under the orders of Government and inspected all the records I fervently hoped that on the report of the result of his inspection the grant would be renewed But to my misfortune and as well as the misfortune of the girls the grant has not been renewed up to date I have in my previous application represented the cause of such a bad and exaggerated report of the Deputy Inspector of schools It is nothing but personal grudge, he owes me - the consequences - the Mohamaden public is made to suffer I have been so far managing the school at my private money and have run into considerable debt Pray kindly issue orders renewing the grant as the parents of the school going --- children are pressing me to provide their daughters with every convenience which was provided before the grant was suspended

I have already promised in my previous petition that I am ready to remedy the defects, if any, pointed by the

Educational Authorities and that the grant may be renewed

Even now, I pray, that the matter may receive your favourable attention and early orders passed

You are aware, Sir, that the Madarasa situated in the Jali is a long lived one It was on the representation of the Mcharmadans of this Mohalla, Sir, Seshadri Iyer, late Dewan of Mysore ordered its location in its present place in view of the fact that the place is a central one and within the easy reach of all. Formerly this Grant-in-Aid school was situated near the Government Mohamadan Girls' School in Sultanpetta and the distance between Barr Lanes and the above -- place being very great the Mchammadan Girls' school was removed to its present situation, by the order of the late Dewan And the - school continued to do its good work silently till the Mohammadans of the Bangalore City - broke in to two parties The Central Mchammadans' Asscciation with its Secretary Mr Abbas Khan and Mr Mohamed Beg the Deputy -

The Mohammadans of the Bangalore City have been divided into two parties for the last two years. The Central Mohammadans' Association with its Secretary Mr Abbas Khan and Mr Mohamed Beg the Deputy - Secretary on the one side and the other party consisting of the undersigned on the other side.

Inspector of Schools as its member began their warfare against the opposite party to which the undersigned and the Madarasa belong with the result that the Deputy Ins-- pector Mohamed Beg was made to inspect the school and as a natural consequence reported badly against the school and the grant was suspended, the restoration of which was prayed for long ago but no orders have been yet passed

To our surprise we learn to day that Deputy Inspector Mr. Mohared Beg has worked his way to have the grant now under suspension to be finally transferred to the Tharamandalpet School This of course he could not achieve without considerable misrepresentation of facts

In case the grant is transferred as rumoured here, the Madarassa in Jala will be closed and the consequent inconvenience to the school going young girls needs no dialation here

We therefore pray that should there be any such proposal for a Government grant to Tharamandal the same may be sanctioned afresh and that the Jala School may not be deprived of its long enjoyed previlege and afford our young ones to derive the benefit of female education about which His Highness' Government is so doing so much to improve the condition of the ignorant classes

For

For which act of kindness we shall, as loyal subjects of His Highness the Maharaja, ever be grateful

Respected Sir,

In January last we waited upon Your Excellency in connection with the affairs connected with the Madrasai-Mofiaun Niswan (Girl school) Jali Mohalla and represented our grievances with a prayer that the grant which has been graciously sanctioned by the Government but which had been recently stopped should be restored to the school which had been built and improved

Your Excellency was kind enough to give us a hearing and promised to pass orders after paying a visit to the school

It is now more than a month and we are put to much inconvenience owing to the grant having been withheld We are all poor people and cannot manage to maintain the school without Government help

We have therefore made bold to approach Your Excellency and very humbly and respectfully pray that the matter may be kindly looked into as early as may be convenient and our prayers granted

Sir,

You are aware sir, that the grant-in-aid of the Madras Male having been withheld as per orders of Government on the report of the Inspector General of education we petitioned to you to reconsider the orders of Government and do justice to the educational Institution where Mohamadan girls are educated On the perusal of the records you were pleased to order that if the condemnation of the school building which was most deplorable is set right the question of continuance or otherwise of the Grant-in-aid would be considered We carried out all the repairs according to the plan sanctioned by the city Health Department and the building now in a full Condition The above fact was also brought to your kind notice on 14 2° 1912 With these facts

we again approach with the prayer that the building may be kindly inspected at your earliest convenience and order the continuance of the grant that is now suspended

The recent rains has caused considerable damage to the building which is to be repaired at a pretty considerable cost and we need scarcely express our embarrassment in laying out funds now

In conclusion we may bring to your kind notice that the fact of there being a fraction in the Mohammadan population of the City and the School Inspector Mr Mohamad Beg being the member of the opposite party there would have been absolutely no cause for this disturbance

I've the honour to remain
